

7025

Workgroup Document System

Konica

A Networkable 25 ppm Printer/Copier/Fax/Scanner

The Konica 7025 Workgroup Document System is a 25 page-per-minute digital MFP with integrated copier, printer, fax and scanner capability. It is the latest introduction in a series of multi-functional workgroup models from Konica that complement our successful 7020 and 7030 Document Systems. Designed with one thing in mind: delivering a high performance MFP solution for small offices and small workgroups. The Konica 7025 is engineered from the ground up as a true multifunctional device. Its strength is in its versatility. The optional network print controllers allow users to configure printer functions and accessories to meet their needs, whether its PC faxing, printing or network scanning. A truly user-friendly control panel walks users through a simple and impressive array of advanced editing applications, such as the Watermark and Stamp as well as Booklet Mode and Page Numbering. The Konica 7025 *is the* Workgroup Document System for small offices and departments.

7025 Highlights

- ▶ 25 ppm Printing/Copying
- ▶ 600 x 600 dpi Resolution
- ▶ Standard Stackless Duplex
- ▶ Optional Windows® Print Controller (IP-011)
- ▶ Optional Super G3 Fax Kit
- ▶ Optional IP-421 PCL/PostScript Print Controller
- ▶ 32 MB Standard Memory Capacity (upgradeable to 288 MB)
- ▶ Maximum Original Size of 11" x 17"
- ▶ 2,550 Sheet Maximum Paper Capacity
- ▶ Intuitive Touch Screen Controls

7025

Workgroup Document System

The Konica 7025 Workgroup Document System looks like a low- to mid-volume document system but doesn't act like one. Its full-featured multifunctionality delivers a level of performance usually found in much bigger machines. The 7025 is small enough to make it a perfect fit for small offices, but its modular design and document handling options make it the perfect fit for growing offices, too. Konica's embedded print controller options are designed to provide a range of printing, scanning and faxing options, and its control panel makes accessing advanced applications a snap.

Features

► Integrated Printing, Copying, Faxing, Scanning:

The 7025's digital engine delivers the high-performance multifunctionality ideal for low- to mid-volume workgroups.

► Touch-Screen Controls:

Truly user friendly, the touch screen controls provide easy access to all advanced features. The touch screen controls also provide unique print-driver applications such as Stamp and Watermark options.

► Modular Design:

Designed to grow as needs grow. The large capacity drawer bases, document feeder, print controllers and finisher options allow for easy customization to meet current and future needs.

► Split Document Feeder (DF-314):

Allows for convenient book copying on a platen cover as well as face-up document feeding.

► Stapling/Sorting Finisher (FS-107):

Multi-position stapling. Two sorting bins allow for job separation of incoming fax, copy and print jobs.

► Windows® Controller (IP-011) (Optional):

Embedded print controller provides a low cost printing solution and real-time printer diagnostics.

► IP-421 Controller (Optional):

Print controller designed for more demanding applications (optional Adobe PostScript® 3™ available). Based on Konica's New Open Architecture, which allows for seamless capability upgrades that keep pace with changing needs.

► Super G3 Fax Kit (Optional):

Offers transmit speeds twice as fast as regular G3 faxes (less than 2 seconds per page), expandable memory options, and broadcast and group faxing capabilities.

KONICA 7025 SPECIFICATIONS

Configuration	Console with stationary platen
Speed	25 ppm (8 1/2" x 11"); 14 ppm (11" x 17")
First Copy	4.8 seconds
Resolution	600 x 600 dpi
Standard Memory/Maximum Memory	32 MB/288 MB
Reduction/Enlargement	25% to 400%
Continuous Copying	1-999
Maximum Original Size	11" x 17"
Average Monthly Page Volume	5,000 - 10,000 Pages
Maximum Monthly Page Volume	100,000 Pages
Paper Handling	
Standard Input Capacity	2 x 500 Sheets (universal), Multi by-pass - 50 Sheets
Min. - Max. Paper Size	5.5" x 8.5" / 11" x 17"
Min. - Max. Paper Weights	16-32 lbs.
Drawer Base Options	
DB-209	2 x 500 Sheets (universal)
DB-409	1 x 1500 Sheets (8.5" x 11")
Max. Paper Capacity (w/opt. LCT)	2,550 Sheets
Automatic Duplex	Standard/Stackless
Finisher Options	
Total Finisher Capacity	1,100 Sheets
2 Tray Option (FS-107)	100 + 1,000 Sheets = 1,100 Sheets
3 Tray Option (FT-107)	100 + 100 + 600 = 800 Sheets
4 Tray Option (FT-107)	100 x 4 = 400 Sheets

FEATURES

Job Memory, OHP Interleave, Image Shift, Frame/Fold Erasure, ECM, APS, AMS, ATS, Book Copy, Stamp/Watermark

PRINTER SPECIFICATIONS

Type	Optional Print Controller (IP-011)	Optional PCL Print Controller (IP-421) with Pentium Processor
Speed	25 ppm	25 ppm
Resolution	600 x 600 dpi	600 x 600 dpi
Memory	16 MB standard/80 MB Max.	32 MB / 160 MB
Network Card (Optional)	KN-304 - 10/100 BaseT	Optional 10/100 BaseT (KN-303)
Printer Drivers	Windows 95/98, NT 4.0	Windows 95/98, NT 4.0, Macintosh
Options		Hard Disk Drive, Adobe PS 3 Kit

FAX SPECIFICATIONS

Compatibility/Compression	ITU Group 3 with ECM, T.30, V.34, & V.8, Super G3
Standard Memory	2 MB, Max. 16 MB
Resolution	200 x 200 dpi/400 x 400 dpi
PC Fax Support *	Yes with IP-421 & KN-303 card
Modem Speed	33.6 Kbps
One Touch Keys	20

DIMENSIONS, WEIGHTS & YIELDS

Machine Weight	159 lbs
Main Body Dimensions w/document feeder	23.2" W x 23.4" D x 34.4" H
Electrical Requirements	120V, 60Hz
Drum/Developer Yield	200,000/200,000
Toner Yield	26,000
