

A Networkable 30 ppm Printer/Copier/Fax/Scanner

Introducing the Konica 7030 Workgroup Document System, the ultimate realization of multi-functionality for the smaller office or workgroup. No comparable desktop printer/copier can offer the 7030's array of features so affordably. And while there may be other multi-function systems out there, none are as versatile and as easily adaptable to your changing needs as the Konica 7030. The 7030's optional controllers allow users to configure the multi-functional capabilities to meet their needs, whether it's PC faxing, printing or scanning. And a truly user-friendly control panel walks users simply through an impressive array of advanced applications, such as Job Reserve, Booklet Mode, Stamp and Watermark features.

7030 Highlights

- ➤ 30 ppm Printing/Copying
- ► 600 x 600 dpi Resolution
- ► Standard Stackless Duplex
- ► Modular Design For Easy Upgradeability
- ➤ 32 MB Standard Memory Capacity

- ► Maximum Original Size 11" x 17"
- ▶ 2,550 Sheet Maximum Paper Capacity
- ► Intuitive Touch Screen Controls
- 2 Embedded Print Controllers (Optional)
- Super G3 Fax Kit (Optional)

Windows 95/98, NT 4.0, Macintosh

Hard Disk Drive, Adobe PS 3 Kit,

KN-303, MU-404, MU-405, MU-403

Workgroup Document System

The Konica 7030 Workgroup Document System is a true multi-function system for smaller offices and workgroups. Its multi-functional features do the work of 4 separate machines, saving you time and money. Konica's optional embedded print controllers and modular design give you an array of upgradeable copy, print, fax and scan options. The optional Super G3 fax kit turns the 7030 into a feature-rich, high-end faxing and scanning system with PC faxing capabilities. The 7030's small footprint and user-friendly control panel make multi-functionality easily accessible to everyone.

Features

Integrated Printing, Copying, Faxing, Scanning:

The 7030's digital engine delivers the high-performance multi-functionality ideal for low- to mid-volume work-groups.

Touch-Screen Controls:

Truly user friendly, the touch screen controls provide easy access to all advanced features. The touch screen controls also provide unique print-driver applications such as Stamp and Watermark options.

Modular Design:

Designed to grow as needs grow. The large capacity drawer bases, document feeder, print controllers and finisher options allow for easy customization to meet current and future needs.

Split Document Feeder (DF-314):

Allows for convenient book copying on a platen cover as well as face-up document feeding.

Stapling/Sorting Finisher (FS-107):

Multi-position stapling. Four sorting bins allow for job separation of incoming fax, copy and print jobs.

Super G3 Fax Kit:

Offers transmit speeds twice as fast as regular G3 faxes (less than 2 seconds per page), expandable memory options, and broadcast and group faxing capabilities.

➤ Windows® Controller (IP-011) (Optional):

Embedded print controller provides a low cost printing solution and real-time printer diagnostics.

► IP-421 Controller (Optional)*:

Print controller designed for more demanding applications (optional Adobe PostScript™ available). Based on Konica's New Open Architecture, which allows for seamless capability upgrades that keep pace with changing needs.
